Smart Electronic System for Tracking Apprenticeships

Presentation of the Research Results from the Czech Republic, Croatia and Slovenia

APPRENTICE TRACK

May 15, 2018

SHORT DESCRIPTION OF THE APPRENTICE TRACK

Apprenticeships allow students to build up skills and knowledge, while providing companies with a reliable way to evaluate potential future hires and the benefit from fresh perspectives offered by academia. Despite their advantages, apprenticeships are challenging to manage, as the needs of students and of specific enterprises are difficult to match, particularly when organizations need to deal with massive amounts of students and, consequently, data. Structured communication channels between enterprises and students, robust management systems and clear evaluation protocols are necessary to manage such a complex system, are therefore needed to enable the launch of valuable, steady and sustainable Apprenticeship Programmes.

SUMMARY AND RECOMMENDATION

There is a space for the complex documentation / system for the apprenticeship tracking in all three countries within all three segments.

All three segments in all three countries would appreciate a web platform to support the monitoring and evaluation of apprenticeships. We strongly recommend to prepare, test and launch a new complex documentation / system for the apprenticeship tracking and a new web platform to support the monitoring and evaluation of apprenticeships as it would be really helpful for all relevant segments.

SUMMARY AND RECOMMENDATION

We recommend to add the below topics to the apprenticeship agreement:

We recommend to add the below features to the web platform:

- Duration of the apprenticeship
- Identification of the mentor
- List of students current skills and skills s/he is expected to acquire during the apprenticeship
- List of tasks the apprentice will perform
- Identification of the mentor
- Information about compensation

- Search for placements by students
- Possibility for students to grade the apprenticeship and tasks they have been given on daily basis
- Final grading of apprenticeship
- Submission of placements by employers
- Classification of placements by skills
- Evaluation forms for each stakeholder
- Possibility for mentors to grade the apprentices functions

SUMMARY AND RECOMMENDATION

EMPLOYERS

N25 questionnaires:

- N7 from Croatia
- N11 from Czech Republic
- N7 from Slovenia

EMPLOYERS - CONCLUSIONS I. EMPLOYER

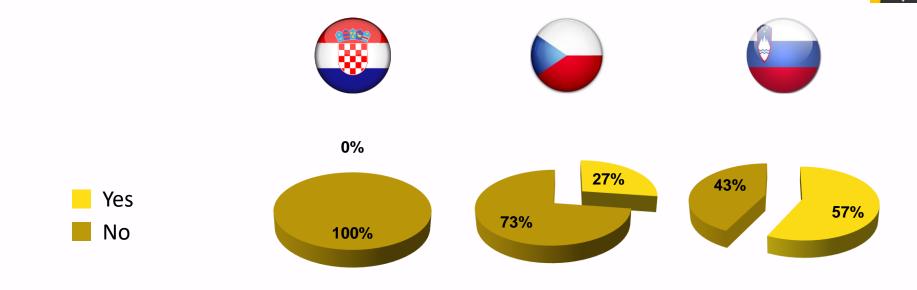

- There is some space for the below documents / systems as those are just partly implemented by participated employers in all three countries:
 - · document setting the learning objectives for the apprenticeship
 - the system to train mentors
 - FAQ or an introductory brochure about the apprenticeship
 - · guidelines to support the mentors' job
 - a web platform to support the monitoring and evaluation of apprenticeships
- The documents / systems could help especially in the Czech Republic as Individual employee is responsible for individual student and in the Croatia where almost ½ of participated employers have nobody responsible for the apprenticeships. Slovenia seems to be the most organized in this are as the HR department and the Coordinator for apprenticeship are responsible for the apprenticeships.
- The below topics should be included in the apprenticeship agreement as those are requested by all participated employers in all three countries:
 - Duration of the apprenticeship
 - Identification of the mentor
 - List of students current skills and skills s/he is expected to acquire during the apprenticeship

EMPLOYERS - CONCLUSIONS II.

- FAQ or an introductory brochure about the apprenticeship would be appreciated by all participated employers in all three countries as they think it would be helpful for everyone involved in the apprenticeship.
- Monthly period for the contact within the responsible persons at the education organization and the employer to assure the monitoring of each apprenticeship is the most suitable one same as the contact at the beginning and at the end of the apprenticeship.
- Email and F2F communication are the most suitable ways how to communicate with the apprentice and the school.
- The **complex written evaluation** with **all relevant information** would be appreciated by all participated employers in all three countries
- The **web platform supporting the management and monitoring of apprenticeship** should have the below features (without significant differences within the countries):
 - Search for placements by students
 - Possibility for students to grade the apprenticeship and tasks they have been given on daily basis
 - Final grading of apprenticeship

None of the participated Croatian employers have a document setting the learning objectives for the apprenticeship. The situation is a bit better within the Czech and Slovenian employers but there is still a gap in this area.

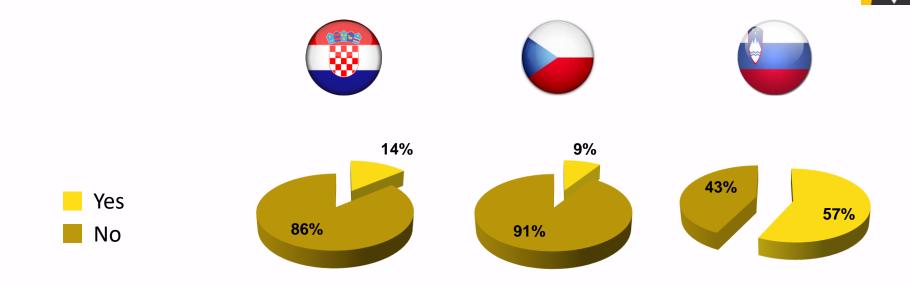

Q1. Do you have a document setting the learning objectives for the apprenticeship?

APPRENTICE TRACK

EMPLOYE

Most of the Croatian and Czech employers have no system to train mentors. The situation is a bit better in Slovenia but there is still area to launch this kind of system in all participated countries.

APPRENTICE TRACK

EMPLOYE

Nobody is responsible for the apprenticeships within almost $\frac{1}{2}$ of the Croatian employers. In the Czech Republic, there is an individual employee responsible for individual student while Slovenia is the most organized from this point of view.

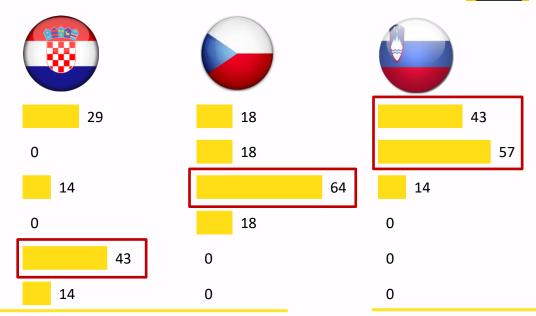

HR department

- Coordinator for apprenticeship
- Individual employee for individual student
- We do not have apprenticeships at our company

Nobody

It depends on which department the student comes

Duration of the apprenticeship, Identification of the mentor and List of students current skills and skills s/he is expected to acquire during the apprenticeship are required by all participated employers in all three countries while Information about compensation is not so important for them.

> 100 100 100 71 64 43 100 100 100 100 100 100 86 91 14

EMPLOYER

Q4. What should be included in an apprenticeship agreement? (You can choose more than one option)

All Croatian and Czech participated employers and most of the Slovenian respondents would appreciate FAQ or an introductory brochure about the apprenticeship as they think it would be helpful for everyone involved in the apprenticeship.

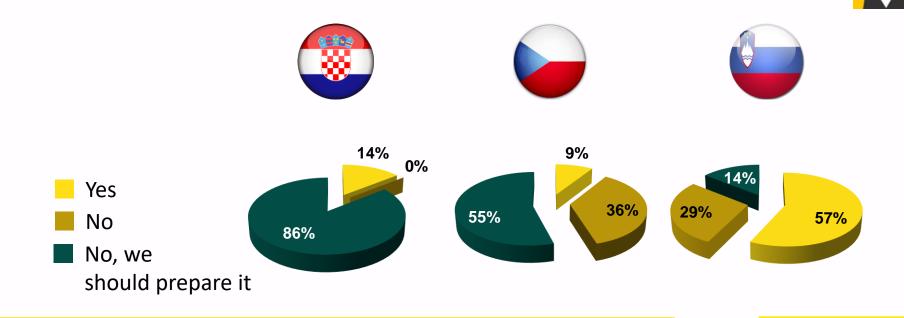

Q5. Do you think that having a Frequently Asked Questions (FAQ) or an introductory brochure about the apprenticeship would be helpful for everyone involved in the apprenticeship?

www.apprenticetrack.eu

APPRENTICE TRACK

EMPLOYE

Most of the Croatian employers feel the need to prepare guidelines to support the mentors' job during the apprenticeship while Czechs do not have so strong need even if the do not have such kind of recommendations. In Slovenia, more than $\frac{1}{2}$ of participated employers have instructions for mentors.

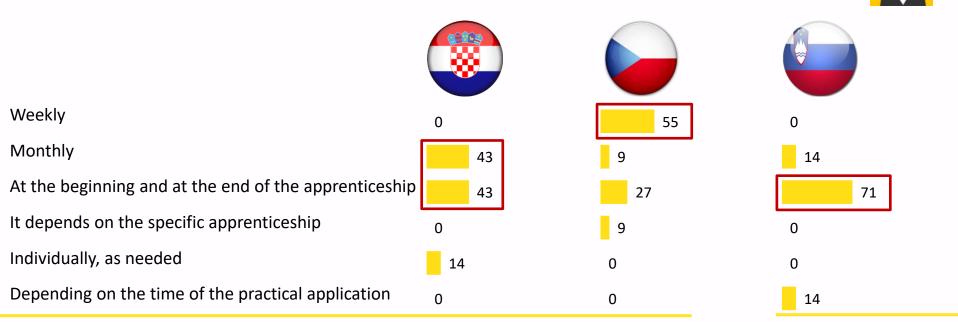

APPRENTICE TRACK

EMPLOYE

Q6. Do you have guidelines (recommendations, instructions) to support the mentors' job during the apprenticeship?

³/₄ of the participated Czech employers think the weekly period for the contact within the responsible persons at the education organization and the employer is the most suitable to assure the monitoring of each apprenticeship while the Croatian and Slovenian employers incline to the lower frequency.

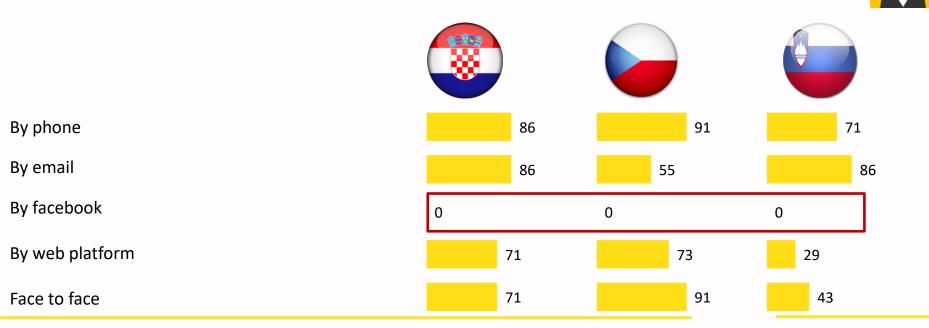

Q7. How often should the responsible persons at the education organization and the employer be in contact to assure the monitoring of each apprenticeship?

www.apprenticetrack.eu

PPRENTICE TRACK

EMPLOYE

Facebook is not suitable channel how to communicate with the apprentice and the school at all. The web platform is also not very favorite while phone, email and F2F communications would be appreciated by participated employers in all three countries.

APPRENTICE TRACK

EMPLOYER

Q8. How would you like to communicate with the apprentice and the school? (You can choose more than one option)

Nor verbal evaluation neither rating is interesting for the participated employers from all three countries. On the other hand, the complex written evaluation with all relevant information would be appreciated.

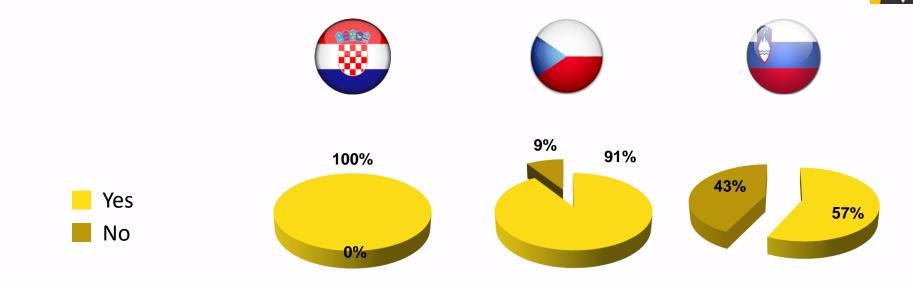

Overall evaluation 86 27 43 Verbal evaluation 0 0 0 Rating 9 0 0 All relevant information 57 18 14 29 Other 0 0

Q9. What information should be mandatory in the final report of each apprenticeship?

APPRENTICE TRACK

EMPLOYE

Croatian and Czech participated employers would appreciate a web platform to support the monitoring and evaluation of apprenticeships. On the other hand, only $\frac{1}{2}$ of Slovenian employers (the most organized country in this area) would like to have it.

APPRENTICE TRACK

EMPLOYE

Q10. Would you like to have a web platform to support the monitoring and evaluation of apprenticeships?

EMPLOYER

More than $\frac{1}{2}$ of Croatian participated employers thought it would be good for students to practice their own ideas for business improvement. Nor Czech neither Slovenian respondents come with some interesting suggestions.

57 NA NA

It would be good for students to practice their own ideas for business improvement

www.apprenticetrack.eu

Q12. Is there anything else/ideas/suggestions that you would like to share with us as far as apprenticeships are concerned?

SCHOOLS

SCHOOL

N23 questionnaires:

- N2 from Croatia
- N10 from Czech Republic
- N11 from Slovenia

SCHOOL

SHOOLS – CONCLUSIONS I.

- There is some space for the below documents / systems as those are just partly implemented by participated schools in all three countries:
 - document setting the learning objectives for the apprenticeship
 - document which defines conditions for mentor/supervision
 - FAQ or an introductory brochure about the apprenticeship
 - helpdesk for solving problems during the apprenticeship
 - a web platform to support the monitoring and evaluation of apprenticeships
- The below topics should be included in the apprenticeship agreement as those are requested almost by all
 participated schools in the Czech Republic and Slovenia (we have very small response rate from schools in Croatia
 to make conclusions in this country):
 - Duration of the apprenticeship
 - Identification of the mentor
- Some Czech schools would like to add also these topics in the apprenticeship agreement:
 - List of students current skills and skills s/he is expected to acquire during the apprenticeship
 - List of tasks the apprentice will perform

SCHOOL

SHOOLS – CONCLUSIONS II.

- Both participated schools from the Croatia would appreciate the communication between responsible persons at the
 education organization and the employer at the beginning and at the end of the apprenticeship. Czech and
 Slovenian participated schools are not consistent in this area and some of them would like to communicate also
 monthly.
- Participated schools in all three countries would like **communicate with the apprentice** via **phone**, **email** or **F2F** while **Facebook** and **Web platform are not suitable channels** for this kind of communication.
- All participated schools from the Czech Republic and Slovenia think the complex written evaluation should be mandatory in the final report of each apprenticeship. Croatian schools did not share their opinion on this topic with us.
- A web platform to support the monitoring and evaluation of apprenticeships would be really appreciated and it should have the below features (without significant differences within the countries):
 - Submission of placements by employers
 - Search for placements by students
 - Classification of placements by skills
 - Evaluation forms for each stakeholder
 - Possibility for students to grade the apprenticeship and tasks
 - Possibility for mentors to grade the apprentices functions

All participated Slovenian schools have a document setting the learning objectives for the apprenticeship while there is still some space to launch this kind of document in the Croatia and in the Czech Republic.

Yes 50% 50% 50% 80% 100%

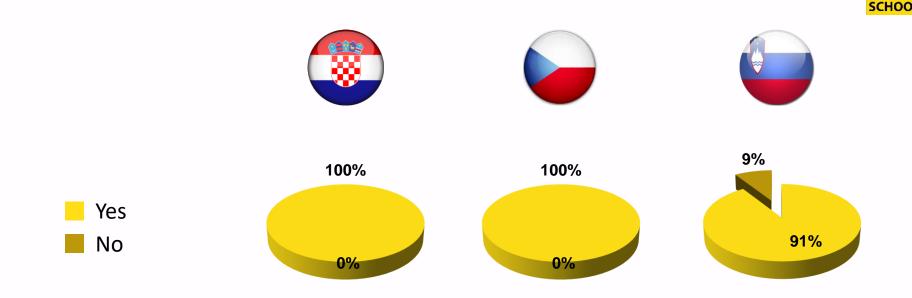

Q1. Do you have a document setting the learning objectives for the apprenticeship?

Almost all participated Slovenian schools also have a document defining conditions for mentor/supervision while there is still a gap in this area in the Croatia and in the Czech Republic.

Almost all participated schools in all countries would appreciate FAQ or an introductory brochure about the apprenticeship as they think it would be helpful for everyone involved in the apprenticeship.

Q3. Do you think that having a Frequently Asked Questions (FAQ) or an introductory brochure about the apprenticeship would be helpful for everyone involved in the apprenticeship?

www.apprenticetrack.eu

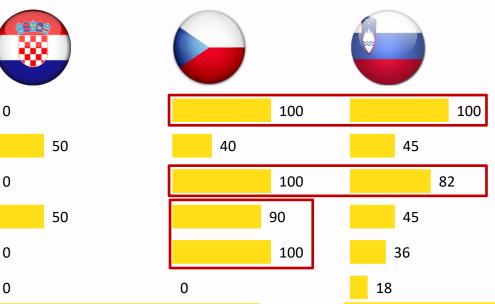

APPRENTICE TRACK

Duration of the apprenticeship and Identification of the mentor are required almost by all participated schools in the Czech Republic and Slovenia. Czech schools would include also List of students current skills and skills s/he is expected to acquire during the apprenticeship and List of tasks the apprentice will perform.

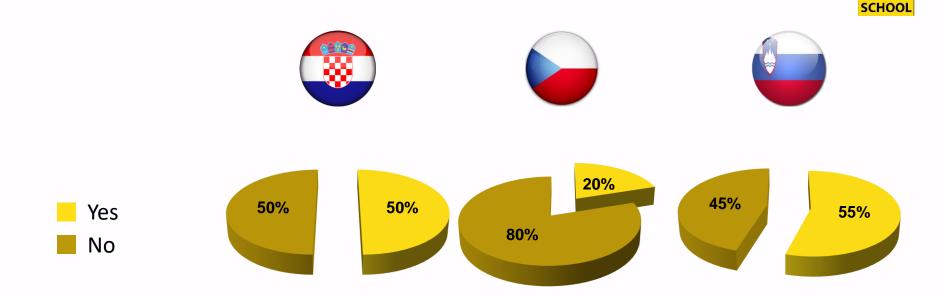

Duration of the apprenticeship

- Information about compensation
- Identification of the mentor
- List of students current skills and skills s/he is expected to acquire during the apprenticeship Lists of tasks the apprentice will perform
- Obligations and rights of all three stakeholders

Q4. What should be included in an apprenticeship agreement? (You can choose more than one option)

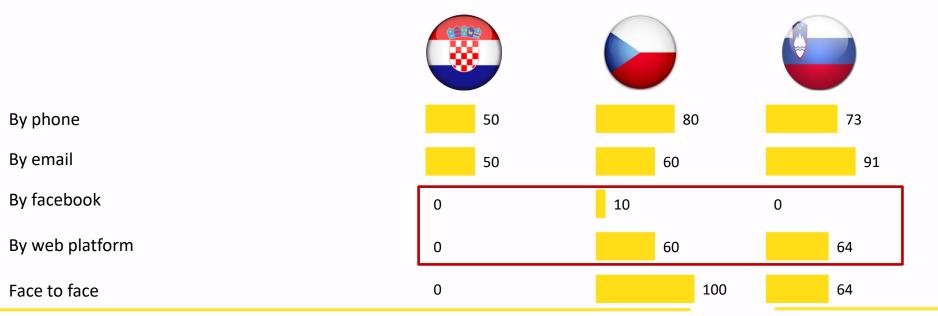

Only 1/2 of participated Croatian and Slovenian schools have a helpdesk and the situation is even worse in the Czech Republic as there is a big gap in this area.

Q5. Do you have a helpdesk (a tool for solving problems during the apprenticeship, e.g. a dedicated number to call, email, and website)?

Participated schools in all three countries would like communicate with the apprentice via phone, email or F2F while Facebook and Web platform are not suitable channels for this kind of communication.

Q6. How would you like to communicate with the employer and the student? (You can choose more than one option)

www.apprenticetrack.eu

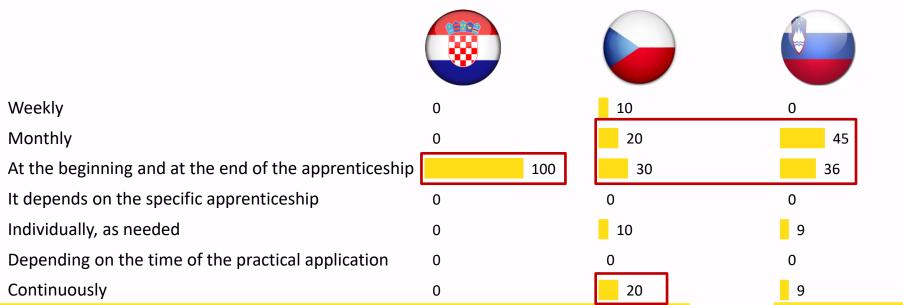

All participated schools from the Czech Republic and Slovenia think the complex written evaluation should be mandatory in the final report of each apprenticeship.

| Overall evaluation | 0 | 90 | 100 |
|--------------------------|---|----|-----|
| Verbal evaluation | 0 | 0 | 0 |
| Rating | 0 | 0 | 9 |
| All relevant information | 0 | 0 | 0 |
| Other | 0 | 10 | 0 |

Q7. What information should be mandatory in the final report of each apprenticeship?

Both participated schools from the Croatia would appreciate the communication between responsible persons at the education organization and the employer at the beginning and at the end of the apprenticeship. Czech and Slovenian participated schools ae not consistent in this area and some of them would like to communicate also monthly.

Q8. How often should the responsible persons at the education organization and the employer be in contact to assure the monitoring of each apprenticeship?

PPRENTICE TRACK

SCHOO

Almost all participated schools from all three countries would appreciate a web platform to support the monitoring and evaluation of apprenticeships.

Yes No

SCHOO

There are no significant differences within countries. Most of the participated schools would appreciate Submission of placements by employers, Search for placements by students, Classification of placements by skills, Evaluation forms for each stakeholder, Possibility for students to grade the apprenticeship and tasks and Possibility for mentors to

grade the apprentice's functions. Video, CVs neither messenger are interesting.

PPRENTICE TRACK

STUDENTS

N61 questionnaires:

- N39 from Croatia
- N10 from Czech Republic
- N12 from Slovenia

STUDENTS – CONCLUSIONS I.

- There is some space for the below documents / systems are those are just partly implemented in all three participated countries:
 - · document setting the learning objectives for the apprenticeship
 - clear system for students to choose the place of their apprenticeships
 - FAQ or an introductory brochure about the apprenticeship
 - helpdesk for solving problems during the apprenticeship
 - web platform to support the monitoring and evaluation of apprenticeships
- The below topics should be included in the apprenticeship agreement as those are requested almost by all participated students in all three countries:
 - Duration of the apprenticeship
- Some Czech students would like to add also these topics in the apprenticeship agreement:
 - Information about compensation
 - Lists of tasks the apprentice will perform
- Some Croatian and Slovenian students would include also
 - List of students current skills and skills s/he is expected to acquire during the apprenticeship

STUDENTS – CONCLUSIONS II.

- Participated students from Croatia would appreciate email and F2F communication with the employer and the school while Slovenian students prefer phone conversation. Preferences of Czech students are ambiguous.
- Majority of participated students from the Croatia and Slovenia prefer complex evaluation as a mandatory piece in the final report of each apprenticeship while Czechs are not determined in this area.
- Participated students from Slovenia prefer the monthly frequency of the contact between the responsible persons at the education organization and the employer to assure the monitoring of each apprenticeship. Participated students from the Croatia and the Czech Republic would appreciate the contact at the beginning and at the end of the apprenticeship.
- Participated students from all three countries are not consistent in opinion what features to use in a web platform to support the monitoring and evaluation of apprenticeships:
 - Participated students from Croatia would like to add Submission of placements by employers (same as Slovenian students) and Signing and storage of contracts features
 - Czech students would like to add **Search for placements by students, Monitoring of attendance, Evaluation** forms for each stakeholder, Final grading of apprenticeships and Video content.

More then 1/2 of Croatian and Czech students do not have a document setting the learning objectives for the apprenticeship. There is also some gap in this area within Slovenian students.

Yes No

About ³/₄ of the Croatian and Slovenian students have a document defining conditions for mentor/supervision while there is still a gap in this area in the Czech Republic.

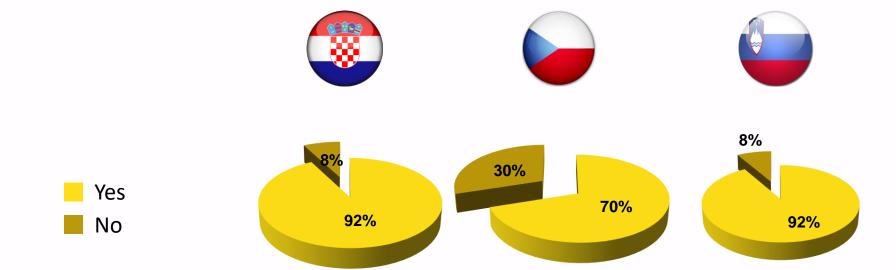

Yes No

Q3. Do you think that having a Frequently Asked Questions (FAQ) or an introductory brochure about the apprenticeship would be www.apprenticetrack.eu helpful for everyone involved in the apprenticeship?

Almost all participated students from all three countries would appreciate FAQ or an introductory brochure about the apprenticeship as they think it would be helpful for everyone involved in the apprenticeship.

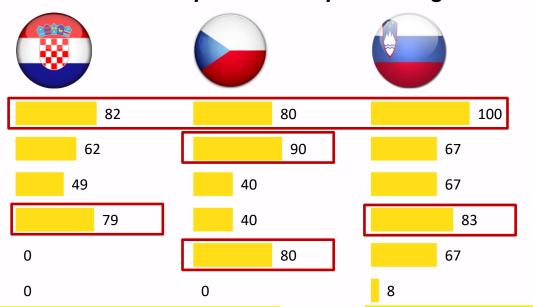

Duration of the apprenticeship should be definitely included in an apprenticeship agreement based on the most of the participated student from all three countries. Czech students would appreciate also *Information about compensation* and *Lists* of tasks the apprentice will perform while Croatian and Slovenian students would include List of students current skills and skills s/he is expected to acquire during STUDENT the apprenticeship.

- Duration of the apprenticeship
- Information about compensation
- Identification of the mentor
- List of students current skills and skills s/he is expected to acquire during the apprenticeship Lists of tasks the apprentice will perform
- Obligations and rights of all three stakeholders

www.apprenticetrack.eu

Q4. What should be included in an apprenticeship agreement? (You can choose more than one option)

Only 10% of participated Czech students have a helpdesk while the stuatiion is a bit better within Croatian and Slovenian students as there is a real gap in this area.

 $\frac{1}{100}$

Q5. Do you have a helpdesk (a tool for solving problems during the apprenticeship, e.g. a dedicated number to call, email, and website)?

www.apprenticetrack.eu

APPRENTICE TRACK

Croatian students would appreciate email and F2F communication with the employer and the school while Slovenian students prefer phone conversation. Preferences of Czech students are ambiguous.

Q6. How would you like to communicate with the employer and the school? (You can choose more than one option)

www.apprenticetrack.eu

APPRENTICE TRACK

Majority of participated students from the Croatia and Slovenia prefer complex evaluation as a mandatory piece in the final report of each apprenticeship while Czechs are not determined in this area.

Q7. What information should be mandatory in the final report of each apprenticeship?

Slovenian students found the monthly frequency of the contact between the responsible persons at the education organization and the employer to assure the monitoring of each apprenticeship as the most suitable one while Croatian and Czech students prefer the contact at the beginning and at the end of the apprenticeship.
